WESTERN MAINE POULTRY ASSOCIATION

The 11th annual exhibition of the Western Maine Poultry Association opened at Norway Opera House, Tuesday morning and continued until Thursday afternoon. More than 600 birds were in the show. Several large exhibitions had their entries placed, but were detained and unable to show their stock this year. An egg laying contest with five pens represented commenced Sunday morning, Jan. 4, to run five days. Elmer F. Benson, of Whitman, Mass., was the judge and practically completed the work by Tuesday night. O. W. Eggleston of Lyndonville, Vt., finished the judging Wednesday and was a prominent authority during the entire show.

Rhode Island Reds predominated with the Barred Rocks a close second. White Rocks were also prominent and make an interesting exhibit. Among the large exhibitors showing these varieties were Guy W. Coffin, Mechanic Falls, Geo. W. Haskell, South Paris, Lee M. Smith, Norway, F. P. Roche, Lewiston, Bert Melvin, Norway, Frank A. Taylor, South Paris, Sterling Poultry Farm and others. Columbian Wyandottes shown by B. A. Carpenter and the Worcester Poultry Yards, Old Orchard, made an interesting display. E. P. Crockett had a fine strain of Light Brahmas, R. O. Rhode Island Whites, Buff Cochins and other breeds. Buff Wyandottes shown by J. B. Field, Norway, were a fine lot of birds and attracted considerable attention. C. Guy Buck had some thirty birds including Barred Rocks, Single and Rose Comb Rhode Island Reds, Langshans, Anconas, Blue Andalusians and White Crested Bantams.

F. W. Worcester and daughter of Old Orchard, representing the well known Worcester Poultry Yards displayed some 125 birds and carried away many prizes. The stock on exhibition included White Barred and Buff Rocks, White Wyandottes, Buff Cochins, Orpingtons, R. I. Reds, Leghorns and others. Their Japanese Silkies were attractive and added greatly to the stage display where they were given a prominent place. Mr. Worcester's display was not so large this year as more than a hundred birds from his yards were at the Bangor show which unfortunately conflicts with this exhibition. The Worcester's are wintering more than a thousand birds representing all standard breeds.

Frank S. Beck, Norway, entered a number of Japanese Silkies and S. C. White Leghorns, which won prize money and ribbons.

Lee M. Smith, Norway, made a clean up with his string of fourteen White Plymouth Rocks. The exhibit represented three generations and they were a clean lot of birds that have been in close competition at the Portland show back along with Mr. Smith's string of first and second on cockerel; first and third on pullet; first on pen. This record was made in competition with several well known breeders.

George W. Haskell's Barred Rocks were fine birds well marked and standard shape. The string was headed by Dandy Boy, jr., a cock bird in a direct line from Dandy Boy owned by L. J. Upham of Webster, Mass., and a prominent winner in many bird shows.

O. W. Eggleston of Lyndonville, Vt., a prominent breeder and judge, exhibited a large string, this being his fourth year with the association. He showed Silver Leghorns, Black Spanish Bantams, ducks and other fancy fowl which added considerably to that department in the show. Business is good at his place and many fancy birds have been sold by him during the past year.

W. A. Stone, Otisfield, was on hand with a well selected stock from his variety of Plymouth Rocks were featured and a good showing was made by winning first on cocks, hens, cockerel and pullets. He sold several birds before the show closed.

Egg Laying Contest

Five pens entered included two by Charles P. Cummings, Norway; Mrs. P. Morrill, Norway; two pens; J. B. Fields, Norway, one pen. Each pen contained five hens and a cockerel. George Tripp looked after this department and the birds were kept quiet with plenty to eat and drink.

Utility Classes

This department was well filled with a good representation from the standard allowed in those classes. Harold Haskell, South Paris, showed Barred Rocks, Old English Game, White Wyandottes, Guy W. Coffin, Mechanic Falls, Rhode Island Reds; Mrs. F. P. Morrill, Norway, S. C. Rhode Island Reds; W. Haskell, South Paris, Rhode Island Reds; E. P. Crockett, South Paris, Light Brahmas; O. D. Morrill, Waterford, White Leghorns. Many other exhibitors had birds showing careful selection and breeding close to the standard of perfection.

FRANCIS S. ANDREWS

The entire community was saddened Saturday upon receiving word of the death of one of its most popular young men, Francis Swain Andrews, which occurred in Boston at the Dr. Christians Private Hospital of double pneumonia, Friday, Jan. 2, at the age of 21 years, 4 months and 28 days.

Francis was born in Norway, August 5, 1898, the son of Herbert F. and Lena M. Andrews. He graduated from Norway High school in the class of 1916 as valedictorian of his class. Throughout his school life he was one of the most popular and likeable boys. He was studious and applied himself to his work with a determination that brought success. In athletics he was equally as interested and was one of the prominent men on the basketball team and baseball team during 1915-16.

In the fall of 1916 he entered Dartmouth College at Hanover, N. H., and was a member of the graduating class of 1920 and was working hard to make

up work lost during the time he was in the U. S. service so that he might graduate with his class.

During the very early part of the war Francis enlisted and followed aviation for 18 months he was in the service. He earned his commission as lieutenant by hard study and graduated from Cornell Military school of Aeronautics with the ranking "25" (one of the 25 best out of a class of 140). He had completed his studies and was ready to go across when the armistice was signed, having had over 100 hours in the air at Souter Field, Americus, Ga., and Carlstrom & Dorr's Field, Arcadia, Fla., where the different branches of flying was taught.

He entered Dr. Christians hospital, Friday, Dec. 19, for the removal of tonsils, adenoids and a growth in the nose. Everything seemed favorable until pneumonia set in. Everything was done that the most skilled doctors could do, but not having gained his strength from leukemia, he was not able to combat the disease. He is survived by his parents, Mr. and Mrs. H. F. Andrews and two brothers, Donald J. and Glen C.

The funeral was held Monday afternoon at 2 o'clock at the residence of his parents on Main street. The officiating clergyman was Rev. M. O. Baltzer, pastor of the Second Congregational church of which Francis had been a constant attendant and where he was a member of the Sunday school and the Christian Endeavor Society.

The funeral services were very largely attended and the floral tributes were exceptionally profuse and beautiful which gave silent expression of esteem in which the deceased was held. The bearers were Paul Brooks, Paul Hosmer, Albert Bartlett, Jacob Klein, Raymond Evers, Philip Haskell and Howard Chick. Burial was at Pine Grove cemetery.

Relatives from out of town who attended the funeral included Mr. and Mrs. Eugene E. Andrews and son, Ronald of Portland, Me.; Mr. and Mrs. Walter who is spending the winter in Acton, Mass.; Mrs. Georgia Pride of Boston, Willard Brett of Otisfield, and Carroll Sanborn of Waterford.

Retires From Clothing Business

F. H. Noyes has sold his interest in the Blue Stores of the two villages to his partner, F. P. Pike, who will continue the business. The transfer was made the first of the month.

Mr. Noyes has been in business almost continuously for over 43 years having commenced in his teens at the "Old Bakery Store" on March 1870. For the past few years his health has not been as good as it should be and he has concluded to retire from the active participation in the clothing business to rest and regain his health. It is much regretted by his many friends.

He is planning on going south for a few months and it is expected he will return with the birds in the spring improved in health and with a desire to go into active business again.

He will have his desk and make head quarters at the Norway Blue Store the same as in the past on his return.

Deputy Sheriff Harry O. Stimson was at Augusta on business one day this week.

Mrs. Nellie Small is slowly recovering from a sprained shoulder and arm, the result of a fall on the slippery sidewalk. She has board and room at Mrs. Guy Estes' for the present.

He left Monday evening for Black River, N. Y. She has been in town since Christmas.

Clara Schauer, who has been at Fitchburg for a few weeks, returned home Friday at the Norway Blue Store where she is spending the winter there, in his usual good spirits.

Everett F. Bicknell

The community was shocked by the sudden death of Everett F. Bicknell, which occurred at 10:30 Thursday morning, Jan. 8. Mr. Bicknell fell unconscious without warning at his home and passed away in fifteen minutes before a physician could render aid. He had recovered from an attack of indigestion from which he suffered Sunday and had apparently gained his usual health. Mrs. Bicknell was the only person about the premises when the shock occurred.

Mr. Bicknell was born in Buckfield April 4, 1874, the son of James F. and Rebecca (Fletcher) Bicknell. He married Lizzie A. Bennett of Buckfield and they settled at Paris Hill. In 1880 they moved to Norway and he went into trade forming a partnership well known as Hamlin & Bicknell. This was dissolved and Mr. Bicknell carried on the business alone until he retired less than two years ago. For several months following he drove the American Railway Express Co. team.

He belonged to several masonic bodies and was a member of the Norway Lodge.

Besides his wife, he leaves a daughter, Grace, wife of Edward E. Eisenwinter of Waterbury, Conn. No brothers or sisters survive.

Marion Millett

Marion Millett, the 17 year old daughter of Mr. and Mrs. Harry Millett of Millettville, died Thursday morning, Jan. 8. She has been ill with scarlet fever, pneumonia and acute Bright's disease for the past few weeks. She was a member of the Norway high school senior class.

Friday evening, January 9, there will be two basketball games, one between the girls of West Paris and Norway High Schools and one between the boys of these schools. Those who saw these teams play at West Paris know what a splendid exhibition is to be given Friday evening. Miss Crockett's and Miss Mills' positions on the girls' team have been filled by Miss Hayden '21 and Miss Grover, '20.

Local Wrestling Fans Satisfied

As roars among the real fans who have been patronizing the wrestling matches during the winter show a strong majority in favor of letting the local promoter, W. Frank Stairs handle the game here.

They say the game will not stand several opposition shows running full blast and they favor a home institution which has been giving real fights and not pussy-paw burlesque. An outsider might stage level shows, but that experiment failed long ago.

Apparently the majority will not patronize or stand behind outside help in promoting the sport. The shows now conducted by a local promoter are kept up to the standard and the main purpose so awarded the winner must fight or land no coin. This is a satisfactory arrangement to the "red bloods" who attend and pay the door fee. The minority or the "stay-at-homes" with their special dose should be considered behind the distance flag and their opinion not in any way an expression of the fraternity at large. This is the sentiment of the active element in Norway.

Clerks Elect Officers

The annual meeting of the Norway Clerks' Association was held in the Municipal Court room Tuesday evening. The business was transacted which included setting a date for the 26th annual clerks' hall. The reports read showed the Parish to be in good condition for the beginning of the new year. The collector, A. L. F. Pike's report, the treasurer, E. N. Swett's report and the report of the finance committee by J. N. Tubbs were read. Each showed the finances to be in good condition. The amount received during the year was \$2,909.51, of this amount \$2,730.42 has been expended, leaving a balance on hand of \$179.09. Church Out Of Debt

After a fine New Year's Supper at the First Universalist Church, Tuesday evening, Rev. DOWNWARD COURSE

Fast Being Realized By Norway People
A little backache at first.
Daily increasing 'till the back is lame
and weak.

Urinary disorders may quickly follow;
Dropsy and often Bright's disease.
This frequently is the downward
course of kidney ills.

Don't take this course. Follow the
advice of a Norway citizen.

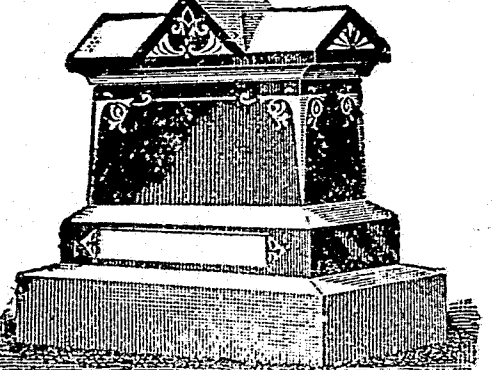

Mrs. Mary Gammon, 14 Beal St., says:
"I have kept Doan's Kidney Pills on
hand for years, in fact, ever since I
first took them some years ago. The
symptoms I noticed at that time indi-
cated kidney complaint. There was a dull
heavy ache across the small of my back
and often attacks of dizziness came over
me. Doan's Kidney Pills which I got
from Frank Kimball's Drug Store,
proved fine in relieving me of these
troubles. I take Doan's off and on now
and couldn't wish for anything better to
keep my kidneys in good condition."

Price 60¢, at all dealers. Don't sim-
ply ask for a kidney remedy—get Doan's
Kidney Pills—the same that Mrs. Gam-
mon had. Foster-Milburn Co., Mfrs.,

WHAT IS MUSIC?

Real music is the Voice of God
Remind's Symphony complete,
Ideas are notes
And each one floats
To Eternity's rhythmic beat.

'Tis measured in the key of Love,
Life's Infinite concord;
'Tis with Soul's ear
That thou canst hear
This Harmony of God.

More sound is but the counterfeit
By mortal sense conceived,
In varied guise
'Twill hypnotize,
Allure, confuse, deceive.

It's shifting standards rise and fall,
To discords 'tis e'er prone,
Now good, now bad,
Now sweet, now sad,
What man can judge of tone?

Aristle incline thine heart to God,
And listen for His voice;
Reflecting Mind,
Thou wilt then find
All music,—and rejoice!

Johnson's Anodyne Liniment*

A prophecy come true. This famous doctor's prescription for internal and external use has over 100 years of success in treatments of Coughs, Colds, Sore Throat, Cramps, Chills, Bronchitis, Tonsillitis, Sprains, Strains, etc. Soothing—healing—satisfying.

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accumulated, and the result is that very large capital expenditures ought to be made to make up for the interruptions inevitably due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.

WALKER D. HINES,
Director General of Railroads.

Work more—
Produce more—
Save more—

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

Saturday evening the club team went up against the Collegians, a team made up of college students who were home for their vacations. This team offered the first real opposition the club five have met this season. Nevertheless the pace was too fast for the younger team and they were defeated 31 to 27. The game was full of thrills and good clean basket ball and was by far the fastest seen here this year. At the close of the first period the Collegians led by one point but in the second half the club team began to pile up the baskets in rapid succession and were never in danger. The score:

Next Saturday the Club team will go to Andover for their return game with the Andover A. A. Friday evening the high school team will meet Mechanic Falls High School in Dudley Opera House. This should be a fast game as the boys are doing a lot of hard work in preparation.

Dr. Frank Dean Tubbs of Bates College will give a lecture on Mexico Saturday, Jan. 10, in the grange hall. Dr. Tubbs lived for a long time in Mexico and so is thoroughly acquainted with his subject. This is the first of a series of entertainments under the auspices of the Chamber of Commerce.

Charles Freeland Penley
After a short illness with a severe cold Charles F. Penley died suddenly Tuesday morning, Jan. 6, from heart trouble while seated in a chair which he occupied during the night as the most comfortable position for his troubled breathing. His age was 87 years.

He was born at Paris, May 11, 1833, the son of Joseph and Lovina (Monk) Penley and one of thirteen children and the last surviving member of the large family.

His early years were spent in Paris until he enlisted and served during the Civil war, after his return he resided a number of years in Bethel. Later he moved to Kansas and farmed extensively, returning to South Paris some thirty years ago. During the last five months he has lived with Mr. and Mrs. A. S. Keniston who occupied his house.

Mr. Penley was four times married. He is survived by three children of the first marriage, Frank Penley of Augusta, Kansas, a wealthy real estate owner; Alice, wife of William E. Manley, a missionary in the Baptist denomination and residing in Oregon; Arthur Penley a grain dealer in Colorado. He leaves several grandchildren.

Mrs. Sarah P. Chute has sold her place in the village on High street to her brother, Edward P. Woodbury, who came with his wife from Massachusetts several months ago. The place was formerly the Cornelius Kimball stand and purchased by Mr. and Mrs. Chute, who came from Sweden, Me., in 1897.

Mrs. James Boyce of Park street entertained her sister, Mrs. William Emery recently.

The second stereopticon lecture in a series illustrating the beginning and growth of Congregationalism was given in the vestry of the First Congregational church, Sunday evening.

George Keniston lost part of a thumb on a saw, Wednesday of last week while working at the Paris Manufacturing Co.

WINTER TO BE SHORT

Though the winter of 1919-20 which started Monday, Dec. 22, will be of short duration, speaking comparatively, winter sports should not suffer. Last winter's length was 89 days, 37 minutes. The present winter will be five minutes shorter.

The popular program for 1920 is to eat, drink, be merry, and pay the bill.

One way to reduce carbon trouble

Heavy carbon deposits in the combustion chamber and on piston heads cause lots of engine trouble ranging from pre-ignition of the fuel charge to the destruction of the lubricating oil. This can be avoided. With uniform, high grade gasoline that possesses even vaporizing and ignition qualities, carburetion can be so perfectly regulated that the fuel charge is burned up completely, leaving a minimum of carbon deposit.

SOCONY Motor Gasoline meets every motor fuel requirement. It is carefully refined to a definite standard of high quality. It is as uniform as modern science can make it. Its carburetion and ignition qualities assure dependable power under all weather conditions. Standardize on SOCONY for motoring economy and satisfaction.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment.

Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HAVE YOU SCROFULA?

Now Said to Be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise. Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

CHILD ALMOST DEAD GRANDMOTHER SAVES LIFE

Roxbury, Mass. A grandmother in Roxbury writes: "I put great faith in your medicine, and one of my children was dying. The doctor said she could not live until morning, and I ran out to the drug store and got a bottle of Dr. True's Elixir, was so excited I gave her the half of the bottle at once and at night I gave her the other half. I thought it was either kill or cure for the doctor says she is dying anyway, but she did not die. She went to sleep the first sleep for a week and the next morning she passed two worms, red in color, six inches long. That was the end of her own sickness, and now she has a baby girl of her own seven months old, who is also using Dr. True's Elixir." (Name on Request.)

Constitution, headaches, tired feeling, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness, and many other signs of sickness, can be relieved, if you take the prescription known as Dr. True's Elixir. The Family Laxative and Worm Expeller. It has done much for sick people, men, women and children, ever since 1851—over 68 years' reputation.

Take Dr. True's Elixir—give it to your children. The Family Laxative and Worm Expeller. At all dealers. Dr. J. P. True & Co., Auburn, Me.
